## Life Vision Walkthrough

This workshop will take a practical look at the new OUP secondary course, *Life Vision*. We'll use a variety of materials from the course to show how to use it in class and make the most of it: as a general English course and at the same time a maturita-preparation course.

**Eva Paulerová** has been in ELT since 1986. She was a secondary teacher for more than 30 years and since the early 1990s she has worked as a teacher trainer for the British Council and several Czech institutions, taken part in national and international ELT conferences, and presented sessions on teacher and trainer training, as well as methodology. She is one of the founders of AMATE (Asociace metodiků / Association of teacher educators) in the Czech Republic. Since 2005 she has co-operated with OUP – doing workshops on methodology, language and culture, adapting and writing materials for lower and upper secondary. She is a co-author of the Czech edition of *Solutions, Oxford Exam Excellence*, both levels of *Oxford Maturita Excellence, New Headway Maturita Student's Book* and *Oxford Exam Trainer*.
